Münster, September 2025

**The transition to a secondary school
Information opportunities for parents-**

Dear parents,

your child will be moving from primary school to secondary school for the 2026/27 school year. Before deciding on a type of school for your child, there are several options to help you find out more about the various schools:

- An information event at your primary school about secondary school courses in secondary level I and the local offers of schooling (dates will be announced by your school administration)
- The brochure “Secondary Phase I in North Rhine-Westphalia” (in German) available at all primary schools
- Personal advisory session at your primary school (dates will be announced by your child’s class teacher; the needs of children receiving additional support in the *Erstförderung* system for recent immigrants will be considered)
- The school database on the website of the Office for Schools and Further Education (Amt für Schule und Weiterbildung) www.stadt-muenster.de/schulamt/schule-in-muenster/schuldatenbank
- information events at secondary schools (see “Information events and open days”)
- The School Psychology Advisory Service (Schulpsychologische Beratungsstelle), which provides support in decision-making processes related to school careers including diagnostic tests and evaluation discussions
- The Education Counseling Service (*Bildungsberatung*), which provides advice on school careers and, if necessary, multilingual counselling)

Wishing you and your child a confident decision.

Im Auftrag

Klaus Ehling
Director of the Office for Schools and Further Education

Information events and open days

Information as provided by the schools as of September 03, 2025.

Some schools will conduct their information events online. Schools are responsible for informing parents of any changes to dates or event details. To avoid missing any change of date or details, please check with the school directly. Please note that many of the information events and open days require you to register in advance via the school's website.

Scan the QR code to visit the website of the Office for Schools and Further Education, where you will find this information in digital format in various languages:
